

## 2023/24 Recruitment Cycle: Key Dates and Activities

### On Campus Recruitment

We host a wide range of companies on campus and virtually each year to present recruitment opportunities to students directly. These company presentations usually take place in the autumn and spring terms, and are allocated a slot of up to 75 minutes. Companies are also welcome to arrange space on campus for interviews.

### CV Book Releases

All CV books are provided free of charge via our **Career Portal Plus**.

### Offer Windows

Please note that the dates below are the earliest possible date in each case. Offers for full-time roles should be held open for at least 4 weeks from the date they are made. For internships, they should be held open for at least 3 weeks.

### Term Dates

Fixed term dates are only relevant during periods of core teaching. Students will also take a number of elective programmes, which can be completed in a variety of formats. As such timetabling can vary significantly from one student to another during this part of their programme.

	2023					2024						
	AUG	SEP	OCT	NOV	DEC	JAN	FEB	MAR	APR	MAY	JUN	JUL

### Recruitment Events

These events offer a great means to connect with a significant number of students at one time while building your brand on campus. We operate a range of events, including sector and geography-specific events. Certain student-led clubs also run additional recruitment activities. All of these are generally open to all relevant programmes, as well as our alumni.

	2023					2024
