GRADUATING CLASS OF 2023

London Business School MBA
With you all the way

Introduction from the Head of Career Centre

We are delighted that 90% of our MBA2023 graduates accepted job offers within three months of graduation.

The last year has been particularly challenging with many employers reducing their need for talent or withdrawing from the market altogether. Nevertheless, demand for LBS talent continues to transcend borders, sectors and markets. Our 2023 class – made up of 65 nationalities – secured roles in 30 locations around the world, with more than half (55%) of the class choosing to start their post-programme careers in the UK.

Consulting remained the most popular sector, with 45% of graduates choosing this field. 37 of our MBA graduates are using the entrepreneurial skillsets developed during their MBA to pursue their own business ventures. Whatever their destination of choice we are confident that, having dealt with the economic environment of the last 12 months, this group of students are well prepared to progress their careers. We wish them all the very best.

Zoe McLoughlin

Executive Director of Career Centre
London Business School

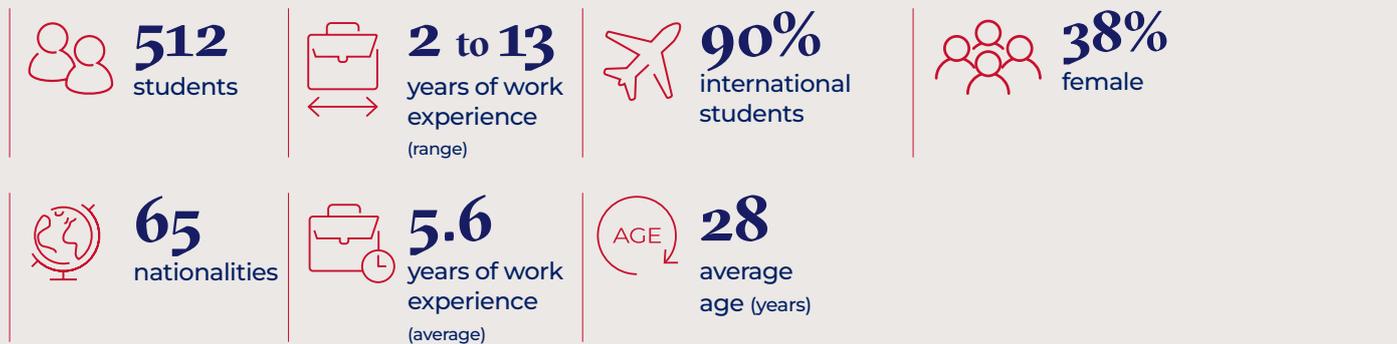

“The MBA programme allowed me to work on my leadership skills in a theoretical and practical way, with a large focus on working in and leading international teams. One of my favourite electives was Leading Teams & Organisations, where we had practical exercises at every lecture. Another highlight for me was the Leadership Incubator. These and many more experiences enhanced my confidence in being a great leader.”

About the Career Centre

We want our students to develop skills, behaviours and strategies to manage their careers proactively. Our Career Centre experts support students as they shape their career goals.

Our comprehensive career support involves:

- **Career coaching and advising.** Coaches help you define a direction and maintain focus on your goals. Our sector advisors provide sector-specific advice to deepen your own research and share market trends.
- **Career learning.** A blended digital and in-person curriculum to move students' career skills to the next level across key development areas.
- **Career opportunities.** Access to a wide range of career and networking opportunities to engage with the market and employers.

“LBS helped me successfully navigate changing geography, sector and role. From attending company presentations and individual coaching to landing a part-time position, a summer internship and my full-time job, all my professional experiences during the MBA were facilitated by the LBS Career Centre.”
