

Late applications to the full-time Masters in Finance Full-time programme commencing in August 2025

Although formal application deadlines for the August 2025 intake have now passed, we will be accepting late applications on a case-by-case basis. We are looking for the most talented candidates to join our exceptional MiF class. We recognise that sometimes opportunities for study come at unexpected times, so we ensure that we provide opportunities for off-schedule consideration.

If you wish to be considered for a late application, you must email your request to mif@london.edu, titled Late Application Request, with the below information:

- One-page CV
- Your nationality and country of residence
- Short paragraph detailing your post-MiF aspirations
- Your degree transcripts (if you wish to be considered for a GMAT/GRE waiver)
- Date of your scheduled English test or your English test score if already taken (if applicable, please see [here](#) for details)

We will then be in contact to approve or decline your request for a late application. Please note: late applications are not automatically permitted, and as stated above, they are considered on a case-by-case basis by the Admissions Committee.

If you are approved to submit a late application by the Admissions Committee, you will need to ensure that you can satisfy each of the following criteria:

- You must be able to leave your current employment in time for the start of the programme, which is planned for 11 August 2025.
- If we make you an offer, you must be prepared to make initial fee payments (totaling GBP 10,000) shortly after the offer. If you require a student visa to study in the UK, this is also one of the conditions to obtain your CAS (Confirmation of Acceptance for Studies) which is required for the [Student visa](#) application. For more information on visa requirements please visit [our website](#).

Please note that you will need to have your funding in place, as scholarships are not available at this point of the admissions cycle.

We will not be allowing deferrals for late applicants, so it is imperative that you are ready and committed to start the MiF Full-time programme this year if you are considering a late application.

Applications for the August 2026 intake will open in August 2025.

We expect the application deadlines to be similar to the 24/25 year and the essays to be unchanged.
