## Industry pre-programme

Please note that programme statistics have been rounded to the nearest whole number.

**“Choosing LBS and the Masters in Finance programme was a no-brainer for me.”**

**Ryan Dulmaa** (Mongolian), MiFFT2020, Financial Accountant, Cedar Electronics Corporation

“Firstly, it has world-leading professors and practitioners. Secondly, LBS offers unlimited resources of expertise in all areas of finance and the hands-on technical projects will help me learn key skills to advance my career. Thirdly, I was really excited about the diversity of my class and student clubs, which celebrate people’s differences, cultural backgrounds and uniqueness.”

**“I chose LBS because of its unique location; being in London provides complete immersion in the European financial capital.”**

**Marianne Diener Becker** (Mexican / German), MiFFT2020, Vice President, Citibank

“The exposure to such different backgrounds and cultures within my cohort is unique, and of course the fact that LBS is listed in the rankings as number one in the world is just one more golden star to add.”

**“Choosing to apply to LBS, and more specifically the MiF programme, was a very straightforward decision for me.”**

**Esra Celik** (Turkish), MiFFT2020, Vice President, Deutsche Bank

“Markets are constantly evolving, and given my equities background, I wanted to deepen my knowledge of other asset classes with world-class professors to get a more holistic view of the markets. Another major reason why I applied to LBS was the global alumni connection and the support the community gives each other – in fact, one of my former colleagues is an LBS alumnus who has been extremely influential in why I chose to come here.”
